

MSP-SERIES AUTOMATION SCREW PRESENTERS

- The automation screw presenter is ideal for robotic manufacturing applications. Operates in combination with automation & robotic screw driving systems.
- Screws are poured into the hopper of the screw presenter and automatically lined up for dispensing.
- This simple mechanism allows trouble-free operation, eliminating jammed or stuck screws.
- The cost-effective automated screw presenter is an alternative machine instead of the cumbersome and costly screwfeeder systems.
- Smoothly feeds screws. Adjustable vibration and speed settings.

Models	Item	Screw Size Capacity "d"	Max Screw Head Height "t"	Screw Head Dia Dia. "D"	Max Screw Length "L"
MSP619-10	144783	M1.0	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-12	144784	M1.2	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-14	144786	M1.4	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-16	144785	M1.6	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-18	144787	M1.8	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-20	144788	M2.0	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-23	144789	M2.3	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-25	144790	M2.5	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-26	144791	M2.6	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-27	144792	M2.7	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-30	144795	M3.0	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-35	144793	M3.5	0.2 - 6	1.2 - 12	1.0 - 14
MSP619-40	144794	M4.0	0.2 - 6	1.2 - 12	1.0 - 14
MSP-1069G	144796	M6.0	1 - 6	1 - 10	1.0 - 20

Note! Screw Presenter requires the use of a vacuum attachment with the power tool.

Screw Presenter Set-Up Service: Mountz offers the service to set and adjust the screw presenter for the fasteners to be used with it the device for a service fee (item # 990050). You will need to ship 50 pieces of the fastener as a sample to our Alabama service center so the technician can adjust and set the screw presenter.
