MD-Series

A SERVICE APPROACH THAT SUPPORTS YOUR BUSINESS

Calibration Service

We can calibrate any torque tool in the world, whether it is a Mountz product or not, including transducers up to 20,000 lb.ft, multipliers up to 10,000 lb.ft and wrenches up to 2,000 lb.ft. Our calibration typically takes five-business days from receipt. We offer a rush two-day service, as well as a pre-calibration program that allows you to schedule service and maintenance in advance.

TORQUE TOOLS WE CALIBRATE

- Wrenches: Click, Dial, Beam, Cam-Over and Break-Over Wrenches
- Screwdrivers—Dial, Micrometer, Preset and Adjustable
- Analyzers/Sensors
- Electric Screwdrivers
- Air Tools: Impact Wrenches, Drills, Pulse Tools, Air Screwdrivers, Nutrunners, DC Controlled Nutrunners
- Multipliers

Mountz Torque Tool Repairs

We understand the impact when your tools need to be pulled from the production line for service. Our dedicated service coordinators ensure we offer the most cost-effective and time-efficient solution so your tools get back online as quickly as possible. To ensure timeliness, we only repair Mountz torque tools and calibration equipment.

CERTIFICATIONS

- ISO 9001 registered
- ISO 17025 accredited
- ISO 6789:2003 compliance for all tools shipped
